INSTRUCTIONS, ETC.

<u>A.O. 23</u> 1937	Head-dress, R.E. Band.—His Majesty the King has been graciously pleased to approve of the head-dress of the R.E. band being changed from the bearskin to the bushy.	54 <u>Engineers</u> 3309
<u>A.O. 24</u> 1937	Royal Artillery (Territorial Army)—Organization and Nomenclature.—1. His Majesty The King has been graciously pleased to approve the formation of the 371st Field Battery, Royal Artillery (Territorial Army). 2. <u>A.O. 25</u> 1937	Clothing Allowances and Clothing Grants.—1. In order to conform with a revised system of accounting which is to be introduced in regimental pay offices in the course of the year 1937 and under which the "account period" for making up soldiers' pay accounts will be a varying period of four or five weeks (according to the number of pay days (Fridays) in the calendar month), it has been decided that weekly rates of clothing allowance shall be adopted instead of monthly rates, with effect from 1st April, 1937, except in the case of civilian employees, for whom monthly rates of allowances will continue to operate.	51 <u>General</u> 6800

2. The rates of clothing allowance and of grants for the provision and upkeep of clothing for soldiers and certain civilian employees in force on or after 1st April, 1937, will, in consequence of amendments as from that date to the Priced Vocabulary of Clothing and Necessaries, 1936, be as shown in the appendices to this Army Order. The rates shown will remain in force until further notice.

A.O. 25
1937
continued

3. The credit of clothing allowance for any account period will normally consist of four or five weeks' allowance at the weekly rate according to the number of weeks in the account period.

4. In the assessment of clothing allowance admissible for periods other than a complete account period, credits or deductions of clothing allowance, instead of being calculated as hitherto on the basis of one-thirtieth of the monthly rate in respect of each day, will from 1st April, 1937, be calculated as follows :—

(a) Periods of less than a complete week.—At one-seventh of the weekly rate in respect of each day.

(b) Periods of more than a complete week.—At the appropriate weekly rate for the number of complete weeks in the period, with an addition in respect of each additional odd day at one-seventh of the weekly rate.

5. Detailed amendments to Clothing Regulations, 1936, Chapter VII, are in course of preparation. Pending publication of these amendments, the regulations in Chapter VII, so far as clothing allowance is concerned, will remain in operation, except as otherwise provided in this Army Order, and subject to "account period of four or five weeks" being read in place of "month", as applicable.

6. In any case of doubt or difficulty in interpreting this Army Order reference should be made to the War Office.

7. Clothing allowance credited in respect of any account period will not be issued before the last day of that period.

8. Separate instructions regarding the issue of kit allowance will be published at an early date.

9. Army Order 32 of 1936 is *cancelled* with effect from 1st April, 1937.

A.O. 42 1937
--	--	--

Detailed instructions regarding the procedure to be adopted and the date from which the foregoing decision will have effect will be issued to all concerned in due course. In the meantime The Royal Inniskilling Fusiliers and The Royal Irish Fusiliers (Princess Victoria's) will continue to constitute one corps, as laid down in the Schedule to Army Order 49 of 1926.

30 General 8954	Kit Allowance for Recruits.—1. With reference to Clothing Regulations, 1936, Chapter VII, it has been decided that the rate of kit allowance issuable to soldiers of the Regular Army (excluding native soldiers of local forces) in their first 12 months' service shall be increased with effect from 1st April, 1937, and in addition shall be credited with effect from the date of enlistment.	A.O. 43 1937
---	---	--

The kit allowance after 1st April, 1937, will be assessed at weekly (instead of monthly) rates (*see* Army Order 25 of 1937). The rate of kit allowance will be 1s. 3½d. a week for 26 weeks and 1s. 7½d. a week for the remaining 26 weeks of the first 12 months' service. The new conditions will be applied as laid down in the following paragraphs. Clothing Regulations, 1936, Chapter VII, will be regarded as modified accordingly pending the publication of detailed amendments.

2. *Men enlisting on or after 1st April, 1937.*

(a) Kit allowance will be credited with effect from and including the day of enlistment.

Army Orders.—March, 1937

A.O. 43 (b) The first credit at the rate of 1s. 3½d. a week will
 1937 be made in the account period in which enlistment
continued occurs and will be calculated in the manner shown in paragraph 4 below.

(c) Thereafter the allowance will be credited at the beginning of each account period at the rate of 1s. 3½d. a week until and including the week which contains the 26th Friday following enlistment.

(d) Further instructions regarding subsequent procedure and the adjustment of the final credit of kit allowance will be included in the amendments to Clothing Regulations, 1936, which will be published shortly.

(e) If a man is discharged before completing 12 months' service—

- (i) no credit of kit allowance will be made after the date on which discharge has been approved ;
- (ii) any credit made at the beginning of the account period in which discharge takes place will be cancelled.

3. *Men serving on 1st April, 1937, who had not by that date attained the first anniversary of their enlistment.*

(a) Men who enlisted between 2nd and 30th April, 1936, inclusive, being under the revised regulations entitled to kit allowance in respect of the number of days in April preceding the anniversary of their enlistment, will receive *either* the amount due for that period as calculated in the manner shown in paragraph 4 below, *or* 3s. 9d., whichever amount is the greater.

(b) Men who enlisted between 1st and 5th May, 1936, inclusive, will receive kit allowance for the month of April at the rate of 1s. 7½d. a week for all the days of that month. For May they will receive a total kit allowance of 7½d., this being the sum required to bring the total kit allowance for April and May up to 7s. 6d., which they would have received for those two months if the old regulations had continued in force.

(c) Men who enlisted between 6th May and 1st October, 1936, inclusive, will, subject to (g) below, receive kit allowance for the month of April at the rate of 1s. 7½d. a week for all the days of that month. Thereafter kit allowance will be credited at the rate of 1s. 7½d. a week up to the Friday preceding the anniversary of the day of enlistment. The kit allowance to be credited in respect of any subsequent days (making

part of a week) up^r to but excluding the anniversary of enlistment will be calculated at the daily rates shown in paragraph 4 below. A.O. 43
1937
continued

(d) Men who enlisted between 2nd October and 1st November, 1936, inclusive, will, subject to (g) below, receive credit for the month of April, 1937, at the rate of 1s. 3½d. a week up to and including the week which contains the 26th Friday following enlistment, and at the rate of 1s. 7½d. a week for the balance of the month. Thereafter kit allowance will be credited at the rate of 1s. 7½d. a week up to the Friday preceding the anniversary^{*} of the day of enlistment. The kit allowance to be credited in respect of any subsequent days (making part of a week) up to but excluding the anniversary of enlistment will be calculated at the daily rates shown in paragraph 4 below.

(e) Men who enlisted between 2nd November, 1936, and 31st March, 1937, inclusive, will, subject to (g) below, receive kit allowance for the month of April at the rate of 1s. 3½d. a week for all the days of April. Thereafter kit allowance will be credited at the rate of 1s. 3½d. a week up to and including the week which contains the 26th Friday following enlistment and subsequently at the rate of 1s. 7½d. a week up to the Friday preceding the anniversary of the day of enlistment. The kit allowance to be credited in respect of any subsequent days (making part of a week) up to but excluding the anniversary of enlistment will be calculated at the daily rates shown in paragraph 4 below.

(f) Clothing Regulations, 1936, paragraph 134, will cease to operate with effect from 1st April, 1937.

(g) In the case of men referred to in sub-paragraphs (c), (d) and (e) above who are discharged before completing 12 months' service, the total of kit allowances credited in each case after 1st April, 1937, should not in the aggregate be less than would have been credited during the same period if Clothing Regulations, 1936, paragraphs 133 and 134, had continued in force and the monthly rate of allowance had continued at the rate of 3s. 9d. a month. Any adjustment necessary to ensure the above minimum total credit will be made in the soldier's last account period.

4. The credit of kit allowance for any period other than as specially legislated for in paragraph 3 above will be calculated at the appropriate weekly rate for the

Army Orders.—March, 1937

A.O. 43 number of complete weeks in the period, together with

„ 2 days	4½d.	„ 5 days	11d.
„ 3 days	6½d.	„ 6 days	1s. 1d.

5. Kit allowance credited at the beginning of an account period will not be drawn by the soldier before the last pay day in that account period.

6. Further instructions will be issued in due course regarding the credit of kit allowance in the case of soldiers transferred from India, deserters, etc.

A.O. 44 **Future Organization of Vocational Training.—**
1937

43
 Vocational
 1406

1. As a result of consideration which has been given to the after-care of the soldier when his colour service ends, it has been decided to increase materially the facilities at present available for fitting men for employment in industry on the completion of their colour service. It has been decided that the responsibility for giving vocational training to men leaving the Army shall be assumed in future by the Ministry of Labour, men being trained as civilians immediately they have completed their service with the Colours.

2. The Ministry of Labour have in being training schemes based on the principle that the numbers accepted for training should be related to the capacity of industry to absorb the men after training. As a result, the Ministry succeed in placing in employment a very high percentage of the men completing training. The eventual total numbers of men from the Army to be granted vocational training in future will be governed by this principle.

3. Subject to the foregoing limitation, soldiers enlisted on or after the date of this Army Order who serve for not less than six years with the Colours and have at least a good character, and who cannot be found suitable and reasonably permanent employment under the Government or some public body or in ordinary industry, will be given the opportunity of vocational training under the control of the Ministry of Labour immediately after leaving the Colours. It is anticipated that the limitation

mentioned in paragraph 2 above will not in practice unduly restrict the choice of a suitable trade by all eligible candidates. A.O. 44
1937
continued

4. For the financial year ending 31st March, 1938, while the army vocational training scheme is in process of being transferred to the Ministry of Labour, special measures have been designed to provide training. As from 1st April, 1938, the Ministry will undertake the entire training of all army candidates, a material proportion of the total numbers being trained in Ministry of Labour training centres set apart for such candidates. Until 1st April, 1938, vocational training will be carried out as follows :—

- (a) The existing army vocational training centres will continue to function as in the past, candidates being trained during their colour service in accordance with the present general conditions laid down in the pamphlet *Army Vocational Training, 1935*.

As from 1st April, 1937, no fees will be charged to soldiers in respect of these courses.

- (b) As from 1st May, 1937, candidates will be accepted for training in a new Ministry of Labour training centre at Southampton, which will be reserved exclusively for army students, and, from a date to be announced, in a second centre to be opened by the Ministry at Leeds, which will be similarly reserved.

Training for students in these centres will begin on or immediately after the date on which the accepted candidate leaves the Colours.

- (c) In addition to the foregoing, as from 8th April, 1937, men who have completed their colour service will be allotted vacancies by the Ministry of Labour at other Ministry training centres situated at Birmingham, Bristol, Glasgow, Handsworth, Leicester, Letchworth, Merthyr, Park Royal, Slough, Waddon, Wallsend and Watford, at which students from civil life will also be trained.

5. Detailed instructions as to the procedure to be adopted for the selection of candidates, the allotment of vacancies and the financial conditions governing students at the Ministry of Labour training centres are being published separately.

Compilation of Regular Soldiers' Pay Accounts by Periods of Four or Five Weeks.—1. It has been decided to revert to the system of compiling soldiers' pay accounts by periods consisting of four or five weeks, ending on the last Friday in each month. The change, which will take effect from 1st May, 1937, at home stations and from that date or the earliest convenient subsequent date at overseas stations, will simplify accounting and will offer greater opportunity to effect a clear cut settlement with each soldier on the last Friday in each account period. **A.O. 55**
1937

2. Pay lists, pay and mess rolls, company accounts, provision supply accounts, messing accounts and all returns affecting the soldiers' emoluments (except Part II Orders) will be compiled for periods consisting of four or five weeks calculated from the day following the last Friday in each month up to and including the last Friday in the following month. The accounts, etc., will therefore be rendered for the following periods:—

1st May, 1937, to 28th May, 1937 (four weeks).

29th May, 1937, to 25th June, 1937 (four weeks).

2. The infantry of the 1st, 2nd and 3rd Divisions will consist each of two divisional machine gun battalions and three infantry brigades, each of three rifle battalions.

Divisional machine gun battalions will be attached to infantry brigades for administration in peace and for the earlier periods of training.

At a later date similar arrangements will be made in respect of the rifle battalion to be allotted to the 1st Cavalry Brigade.

6. The Monthly Army List for June, 1937, will show the detailed compositions in peace which will result from these decisions.

Scales of Fuel for General Purposes

53
General
4528

GEORGE R.I.

WHEREAS WE deem it expedient to improve the scales of fuel issued for general purposes to Our Army ;

OUR WILL AND PLEASURE IS that, as from the beginning of the summer season for fuel, 1937, the scales of fuel shown in the Appendix to the Schedule attached to this Our Warrant shall be substituted for the scales shown in paragraph 133 of the Regulations for the Allowances of Our Army, issued under the Warrant of His late Majesty King George V dated 18th March, 1930, for similar services and that the scales shown in the Appendix to the Schedule attached to this Our Warrant shall be the authorized scales of fuel until Our Further Will and Pleasure is made known.

Given at Our Court at St. James's, this 19th day of June, 1937, in the 1st year of Our Reign.

By His Majesty's Command,
LESLIE HORE-BELISHA.

SCHEDULE

1. *Home Stations.*—The revised scales in the Appendix will take effect from 1st June, 1937.

2. *Stations Abroad.*—The revised summer scales will take effect from the beginning of the 1937 summer season. Instructions will be issued later regarding the winter scales, at stations which have such scales.

At home and abroad the scales will be regarded as provisional for a period of two years.

3. *General Purposes Scale (barrack and sitting rooms centrally heated).*—The scale is based on the cubic capacity (volume) to be heated. Where the total calculation does not work out at an even 500 cubic feet, the fraction will be taken as 500 cubic feet and fuel charged accordingly.

4. *Men's Cooking (non-steam) and Wash-up.*—The scales are based on a minimum for the apparatus used, plus an allowance for each man, up to a maximum.

Examples of the working of the scales are :—

- (i) 160 men.—For an apparatus designed for an approximate dining strength of 100 men, the fuel admissible is 1,050 lb.

For an apparatus designed for an approximate dining strength of 200 men (i.e., normal provision), the fuel admissible is the maximum of 1,700 lb., not 1,770 lb.

- (ii) 230 men.—For an apparatus designed for 200 men, the fuel admissible is the maximum, 1,700 lb.

For an apparatus designed for an approximate dining strength of 300 men, the fuel admissible is $1,900 + (8 \times 35)$ lb. = 2,180 lb.

5. *Accessories.*—The scale in Allowance Regulations, 1930, para. 133 (f), will continue to apply, but limitation of height to 10 feet (Allowance Regulations, 1930, para. 143) will be abolished. Units of space will be calculated on total (actual) cubic contents, but the minimum of 5,000 cubic feet will continue to apply. Where the total calculation does not work out at an even 500 cubic feet, the fraction will be taken as 500 cubic feet and fuel charged accordingly.

6. *Stations Abroad.*—Where scales are fixed in terms of fuel wood, the new coal scales will be applied on the basis of 1 lb. coal = 2 lb. wood.

7. *Stoking.*—In the calculations for the new General Purposes scale and the cooking, baths and ablution basin scales, an allowance for unskilled stoking has been included, except for "Warren" or similar type apparatus.

Where the boiler plant is of such a complicated nature that skilled stokers are employed (e.g., "Sandhurst" type barracks), the allowance for unskilled stoking is inadmissible and the relevant scales will be reduced by one-sixth.

8. *Exposed or Northerly Situation.*—The revised scales for heating assume the average external temperature in the British Isles during the winter months to

be 42 degrees Fahrenheit. Where buildings occupy very exposed positions, or are situated in northerly latitudes, the average external temperature will be lower; in such cases an increase not exceeding 50 per cent. of the scales may be approved by the G.O.C.-in-C. This provision applies to existing as well as revised scales.

600	1,000 lb., plus $1\frac{1}{2}$ lb. for each man present, up to a maximum of 1,800 lb.

Note.—In the case of barrack blocks designed for numbers other than those given above, the minimum and maximum scales will be in proportion to the numbers of men for which the block is designed, e.g., for a barrack block designed for 240 men:—

Minimum scale = $\frac{240}{300}$ of 500 lb. = 400 lb.

Hence the scale will be 400 lb. + $1\frac{1}{2}$ lb. for each man up to a maximum of 780 lb.

(h) *Ablution Basins (other than from Central Steam Boilers).—*
